

## Polite request - COVID-19

**We would kindly ask that members continue to be considerate of other members whilst at the club to help minimise the risk of infection.**

- We will continue to provide hand gel in the clubhouse and we recommend that members use this when entering the clubhouse.
- Face masks are available in the clubhouse should members wish to continue wearing a face covering whilst in the clubhouse. Wearing a face covering in an enclosed space is recommended by the government to help reduce the risk of infection for yourself and others.
- When in the clubhouse please leave the door is open to allow fresh air to circulate.
- Whilst social distancing is no longer mandatory, we would kindly ask members to continue to consider the risk of close contact with others and respect those members who wish to continue practising social distancing.

**All members will be using the courts, benches and the clubhouse at their own risk.**

**We thank you for your cooperation.**
